Subject: Chapter of the Year Nominations

Chapter President's:

Just a reminder that Chapter of the Year Nominations are due to me by July 31, 2017. I am hoping that all 28 colleges will be submitting a nomination this year. The reporting period is from June 1, 2016 thru May 31, 2017. Even if you do not feel you have enough to win "Chapter of the Year," you should still submit a nomination. Every nomination receives recognition at the conference.

Nomination forms can be found on the AFC Website.

Remember there are two ways to send your book:

1. Library courier – "orange bag" service — talk with your librarian
(This is not a good option for you to take if you are submitting your book at the last minute. This could take weeks for the books to arrive to me.)
Pensacola State College Library
1000 College Boulevard
Pensacola, FL 32504
Route to: Carol Quinn
2. Snail mail (USPS, FedEx, UPS)–
Carol Quinn
Pensacola State College
1000 College Boulevard
Pensacola, FL 32504

Option #1 is free to you.

There is no need to overnight your nomination. Just let me know that it's in the courier or mail and I'll be on the lookout. Hope you have had a great year!

subject: AFC President Dr. Robert Flores to Visit North Campus

Hello all,

Last Wednesday, at the Region V Conference held at Florida Keys Community College, I met briefly with Dr. Flores who is the State AFC President. He informed me that he may available on Wednesday, May 24th to meet informally with our AFC members. This morning he called and confirmed that he would be able to meet with our chapter members.

Certainly, this a last minute meeting; however, I am asking those who can get away from offices and their campuses to come and meet with the president tomorrow. The meeting will be held at 2:15-3:30 pm at the North Campus and the location is TBA. This will be meeting to share the latest legislative updates, campus and chapter goals, and plan a college-wide event to host Dr. Flores later during the summer.

If you are able to attend, your presence will greatly appreciated. I am trying locate an office that has a telephone, so we can offer a conference call line for people to attend the meeting.

More information will follow.

Thank you for your support.

Subject: CAPITAL PERCEPTIONS SPECIAL EDITION: URGE THE GOVERNOR TO VETO THE PROPOSED FCS BUDGET AND \$30.2 MILLION CUT

May 22, 2017
Special Edition**URGENT CALL TO ACTION AFC MEMBERS! DO THIS NOW!**

The Governor has received 500+ e-mails, but we still need to do more. It's time for the AFC membership to show its strength.
WE NEED YOU NOW MORE THAN EVER!

E-mail Governor Scott today at Rick.Scott@eog.myflorida.com with the following message regarding the budget cuts to the Florida College System. Rewrite this copy in your own words and include how these budget cuts will impact your individual college. Be sure to use your personal email device.

We need your help today!

Dear Governor Scott,

As an employee of <XXXX College> or <as the XXXX at XXX College>, I write to respectfully ask that you veto the Florida College System budget, which includes a \$30.2 million in recurring budget cuts targeting the Florida College System. These cuts will have a devastating impact not only on our college, but all twenty-eight state colleges across the state. Our current students and future students need to see that Florida leaders care about their college careers. They also need to have college support services to help make them successful, such as tutoring as well as a wide array of offerings to ensure that they can be ready to work in high-demand jobs with a high-quality degree. I am concerned for our most vulnerable students—those attending on Pell Grants, first-generation college students, minorities, students from families with low incomes, and veterans returning to the classroom. These are the students that need additional academic support and help to be successful—the ones that benefit from our open door access policy and affordable offerings. These dramatic budget cuts will hurt these students the most. These cuts threaten our students, programs and support services.

You and your administration have prioritized developing a world-class higher education system and building the workforce pipeline. As the nation's number one college system, these budget cuts will make it difficult to provide the services to ensure that our graduates are successful in a global marketplace.

I ask you to please veto the proposed college system budget cuts and secure Florida's future.

Sincerely,

<your name>
