

Committee on Retirees: 2015 Plan of Action - As retirees, we have a wealth of wisdom and experience gained through our many years of involvement and exposure during active employment. The following is a listing of objectives to pave the way: AFC Retirees provide fellowship opportunities for retirees at association events, focusing especially on Annual Convention, establish opportunities for recognition of retirees at the chapter, and statewide levels, organize to support legislative issues undertaken by the association of Florida College's Legislative Committee as needed, organize retirees for mentoring and resource-sharing as needed by chapters, districts and statewide. Chapters: Submit a list to the association of those retirees who should be recognized at Annual Conference as they move into this category. Include retirees in more visible ways in your planning and activities.
