

In this MDC Chapter of the Year 2017 online Nomination we have compiled all activities related to AFC for the period of June 1, 2016-May 31, 2017.

The first button session is the 2017 Yearbook Manual with information regarding all categories and the rubrics or evaluation of each one with the maximum number of points per category.

The 2017 AFC Induction Ceremony & Membership Event shows a panoramic of what all campuses have been doing and the accomplishments for the Chapter up to January of 2017, and it was well attended.

The 2017 AFC at MDC Bylaws has a PP of the AFC Bylaws using comprehensive slides to have a better understanding of what each article is stating including the annual selection of the officers.

The AFC MDC Chapter of the Year Criteria is the actual application for this nomination with ample detailed information on all categories.

The Scholarship Opportunities takes you back to the second page of the AFC MDC Weebly website with the application document with deadline dates and rules for the "Book Award."

We have a selection of emails and flyers with important information about the daily operations of the Chapter under Supporting Documents.

Agenda and Minutes of the meetings conducted by the Executive Board and per Campus meetings are included in this button session.

All year round we have been diligently recruiting new members and renewing old ones inviting members, retirees and non-members to our college-wide events.

The AFC MDC Chapter website with the new MD Connect has been revamped showing mostly important data like the names of the Executive Board Officers, VPs, Secretaries, Membership Chairs and Treasurers by Campus with their emails and telephones.

MDC was one of the first colleges updating this data of the newly selected officers in the AFC Tallahassee's website as part of the upgrade of the myafchome.org link.

We have continuously conducted the Lunch & Learning Series and more seminars on Technology extending the importance of this trend in Education along with "Sewing Classes for Beginners" as suggested by some AFC Members.

We have partnered with the Support Staff and the Students Life in mutually inclusive events like the Meet and Greet, the Welcome Back General Meeting, and the Student Business Closet.

We have exceeded the events and activities in most categories and particularly for Community Service, Networking and Professional Development.

The first Newsletter published by Daniella Pierre, Membership Chair at North was a big success and called the attention of many employees at the college.

Finally, we have a collage of photos with captions and flyers representative of most of our scheduled activities for this year.

Thank you for your consideration,
